

Beechwood Primary School

Remote Learning Questionnaire  
February 2021

Question	Strongly Agree	Agree	Disagree	Strongly Disagree	Don't Know	Not Applicable
1) There is an appropriate amount of work set for my child.	33%	54%	13%			
2) The work set is helping my child to progress	20%	69%	1%		6%	1%
3) My child receives an appropriate balance of screen tasks and written tasks/creative tasks	21%	65%	11%		6%	
4) My child has received a broad and balanced curriculum with lessons in all subject areas	30%	70%				
5) My child has received appropriate feedback for the work that they have submitted	35%	59%			5%	
6) Staff have helped my child if they have said that they are finding something tricky	34%	50%	1%		1%	13%
7) I feel confident that I can contact the school if my child is struggling or if I'm (parent) struggling	53%	43%	2%		1%	
8) Where I have raised concerns, staff have listened and been supportive	39%	30%			6%	25%

Please make two comments that are positive about the remote learning that your child receives:

The teachers have been Amazing, supportive, positive and so encouraging as well as challenging too. The work that has been set has been interesting, diverse, exciting and engaging.

The school has been amazing! I couldn't fault the remote learning they have gone above and beyond for every child. Especially helping my child who struggles with learning, going out their way to give my daughter phonics videos from year 1 class to help her and always being there and fast responses if need help etc.

I think that Beechwood school has been incredible with the resources, support and curriculum provided. I don't have any negative experiences and feel my children haven't suffered educationally, despite the difficult circumstances.

My children are offered a fantastic diverse and creative curriculum, despite the circumstances. Teacher feedback along with mental well-being activities hugely support my children's self esteem and confidence. Having a time table/structure helps

Done in such a way that those working can still support their child. There is a great level of interaction from teachers to the children. A real gold standard in my opinion of distanced learning.

The teachers are so responsive and always leave a lovely encouraging comment on my child's work. There is always a full range of balanced and fun activities set through the app each day.

The online learning has been fantastic and my children have really enjoyed it, the support from school has been fantastic.

The teacher has been amazing and my child is making good progress.

Teacher is great and engaging.

Teachers are always upbeat and positive. Teachers always encourage their learning.

The work is engaging and the children are able to understand the instructions given. The activities appeal to a full range of learning styles.

The care that has been taken to engage the pupils particularly with the phonics videos has been wonderful.

The response from the teachers when children have completed their work has been very quick and really encouraging. We particularly like the voice messages.

Lots of different activities

Great communication always there to help

Activities are educational and fun Teachers are supportive and encouraging

The video examples are useful

Teachers are helpful and interactive the work is also fun and enjoyable!

Mrs slonecki is always available to help with videos, messages etc.

Improved in her maths Improved in her English

The activities clearing down as last time the accumulated which was stressful Recognition each week is better than the first time

Supportive voice notes to my child who struggles with school work. Not putting too much pressure on my child due to her struggling with spelling, reading and writing.

Able to communicate with teacher easily. Well planned and organised resources.

The ability to connect with their class mates so they are not so isolated while being at home. I am able to see the work they have been set.

It has been good to see the areas they are good at or find hard Its been nice to have more time and lots of homework as well as all week at school more family time

Both children has broadened their knowledge in nearly all subjects. Teachers responses are fast and effective in solving any issues.

Well organised and Seesaw app works well - like the recordings better than the live classes

My child is happy with the work level Feedback is regular and timely

Miss Atherton is always there to help. My child is really enjoying doing the work.

The timetable being visible has been very useful it helps keep structure to the learning day. Videos by the teacher explaining the work and using visual instructions has been a great help in stead of just saying do whatever pages in work books.

The teacher explains everything really well and gives feedback to help if a mistake is made

The teachers are always on hand to help

Lessons are varied. Feedback is good.

Good variety of themes and type of work set

Interactive and daily timetable self explanatory and good to reference at a quick glance. Well structured!

My child has enjoyed the days which involved off timetable work to break up the week (internet safety day/ mental well being) Feedback from teacher by either work being marked/ voice comments left/ written feedback via seesaw

Seesaw app and links to various websites work well. Teachers are creative and enthusiastic in their approach online. Also the listenable instructions are helpful as my child can't read instructions and will access some work independently

Varied and fun

Good variety, good timings of lessons

1. Seesaw is easy to use and it helps that my child knows how to use Seesaw 2. teacher videos are fantastic

for supporting learning.

Teachers are working hard and trying their best.

Support when my child is struggling or had any questions, questions or concerns are always replied to very quickly.

They have provided more structure than other schools Nice to see the teachers face on videos

The teacher is very supportive and the work is explained well

A range of activities. Clear development of skills.

Well planned out and balanced.

Support has been there and where possible work has been varied

Teacher is available for support and work keeps my child occupied during the day as she's at home

No live lessons; as both children require one to one and I work part time some days more demanding than others the flexibility to do home learning around my employment Monday to Wednesday is much appreciated.

The use of seesaw is accessible compared to some other platforms.

Miss Hazledine is always readily available and replies back straight away if the biys or I have any problems.

The work is explained well.

Nicely structured. The work is interesting and feels worthwhile.

If my child has been stuck Miss Collins always gives her support that she needs.

It's great that there is a set structure every day and the morning video at the start of every day is pretty essential to keeping my child on track.

They get good feedback on how to improve and the work is set on time.

The work is interactive and interesting. The timetable closely follow what would normally happen at school so my child knows how his day is structured...maintains some "normality".

Teacher is working hard, doing her best.

Can be done out of hours (2 key worker parents) only 1 at home so not easy at all to do these all and during the day. My child has found some of them very entertaining.

Miss Collins always comments on my child's work which I think helps keep her positive.

you have all been amazing!

I think you are doing a great job

**Thank you for your lovely responses, overall there has been very positive feedback in terms of what we are currently doing. Thank you for also taking the time to consider what we can do to improve, an analysis of ways forward will be completed.**
